All information must be provided, incomplete applications will be returned.

Please identify: New application Alteration of an installed system Amendment to an approved application Standby only

Retail Customer Account Details

Name on electricity account: _____

Street No: _____ Street Name: _____ **OR** PO Box: _____

Suburb / Town _____ Post Code: _____

Phone _____ Mobile (if available) _____

Average Monthly Electricity Charge: \$0 - \$2000 \$2000 - \$3000 Greater than \$3000

Site Details

Lot / DP No. _____ / _____ Street No. _____ Street Name _____

Suburb/Town _____ Postcode _____

National Meter Identifier Number _____

Site Usage Type: Domestic Commercial School Other _____

Generation System Details

Energy Source :

Solar Wind Hydro Coal Petrol Diesel Natural Gas Methane

Other : _____

Synchronous Asynchronous Inverter Other : _____

Total output power of generation system: _____ kW

Voltage of connection requested _____

If inverter used, provide details of inverter: Inverter - Single Phase Inverter - Three Phase

Inverter Cert of Suitability No: _____ Inverter Nominal Continuous Rated Output: _____ kW

Inverter Make/Model: _____

If standby generator only please provide change over details :

Manual break before make Automatic break before make

Synchronous close transfer trip Generator > 30kVA

Additional Information (to be attached)

Location sketch / diagram showing the generation system connection point

Single phase to earth fault level contribution details

Single Line Diagram of the electrical installation

Additional generation system details for non inverter system

Voltage measurement and calculations record for PV generation (FPJ7003)

Other : _____

Note: For generating systems with a nameplate rating of 5MVA or greater this application will initiate a generator enquiry which will be processed generally in accordance with the National Electricity Rules.

Applicant's Acknowledgement and Agreement

I acknowledge and agree that:

1. in signing and submitting this application I am requesting an expedited connection;
2. I have read and understood the terms of Endeavour Energy's Model Standing Offer for a Micro Embedded Generator Connection Service (as published on its website at www.endeavourenergy.com.au) and a connection offer by Endeavour Energy for a Micro Embedded Generator Connection Service on the terms of that Model Standing Offer is acceptable to me; and
3. if Endeavour Energy is satisfied that the service requested by me falls within the terms of Endeavour Energy's Model Standing Offer for a Micro Embedded Generator Connection Service, then I will be taken to have accepted a connection offer by Endeavour Energy on the terms of that Model Standing Offer on the date that Endeavour Energy receives this application.
4. For generation systems other than a Micro Embedded Generator Connection Service, Endeavour Energy's offer will be in the form of a Standard Form Connection Contract for Connection Points with Exempt Generation available on the Endeavour Energy's website.
